GNB Voc-Tech Dedicates $22 Million Construction Project

With a formal dedication ceremony and a series of athletic contests, Greater New Bedford Regional Vocational Technical High School celebrated the completion of the first major expansion and renovation project in its history.

GNB Voc-Tech held the events on Saturday, October 16, 2004. The Voc-Tech boys soccer team began the day with a game against Apponequet High School on Voc-Tech's new artificial turf athletic field. Later in the morning, the Voc-Tech girls soccer team faced Apponequet.

At noon, a brief ceremony was held in the main lobby to unveil a bronze plaque acknowledging those who helped on the construction project.

Among those who spoke were Senator Mark C.W. Montigny (D-New Bedford), representing the area legislative delegation. Senator Montigny is a 1979 graduate of GNB Voc-Tech.

Also speaking were School Superintendent Jeffrey E. Riley, School Committee Chairperson Randall C. Durrigan, and School Building Committee Chairperson Arthur H. Bennett.

Also present were New Bedford Mayor Frederick Kalisz, Jr., State Representative William Straus (D-Mattapoisett), and several members of the District School Committee.

The day was capped off with an afternoon football game against Case High School.

The school's $22 million construction project was launched in early 2002 after years of planning.

The project included the construction of a three-story academic tower, with more classrooms and laboratories.

The project created or expanded space for several career and technical programs, including Early Childhood Education, Culinary Arts, Dental Assistant, Diesel Service Technology, Engineering Technology, Geodesy/Environmental Engineering, and Plumbing & Pipe Fitting.

It also provided a new school roof, a new heating and cooling system, new windows, new artificial turf softball and football fields, and new natural grass baseball and soccer fields.

A Message from the Superintendent - Director

As the school year draws to a close, I find myself spending more and more time thinking about the future and reminiscing about the past. I'm sure you're doing exactly the same thing.

After more than twenty years in a job I really love, I will be retiring as Superintendent at the end of June. After four years of hard work here, you'll soon be graduating.

We're both starting new chapters in our lives. We both have some tough decisions to make.

In our new roles – yours as high school graduate, mine as retired Superintendent – we will face challenges. I will have much more time on my hands – more time for traveling, more time for family, more time for skiing. You may not have as much time, but you'll have important decisions to make: whether to enter college or go to technical school or start your first career.

Both of us need to use our time wisely. Both of us need to make the best decisions possible.

As you face the unknowns ahead, you can do so knowing that you are not alone: thousands of graduates have already traveled the road before you. Many are now leaders in business and industry in the region. Others are leaders in civic and political life. Most lead quiet, productive and fulfilling lives, rich in family and friends. All share a common experience: an education from GNB Voc-Tech.

Your education here has helped arm you with the knowledge you need to meet whatever challenges come your way. You can feel proud that you are part of a school with a long and rich tradition – a school known for its career and technical excellence, its positive work attitudes, and its service to the community.

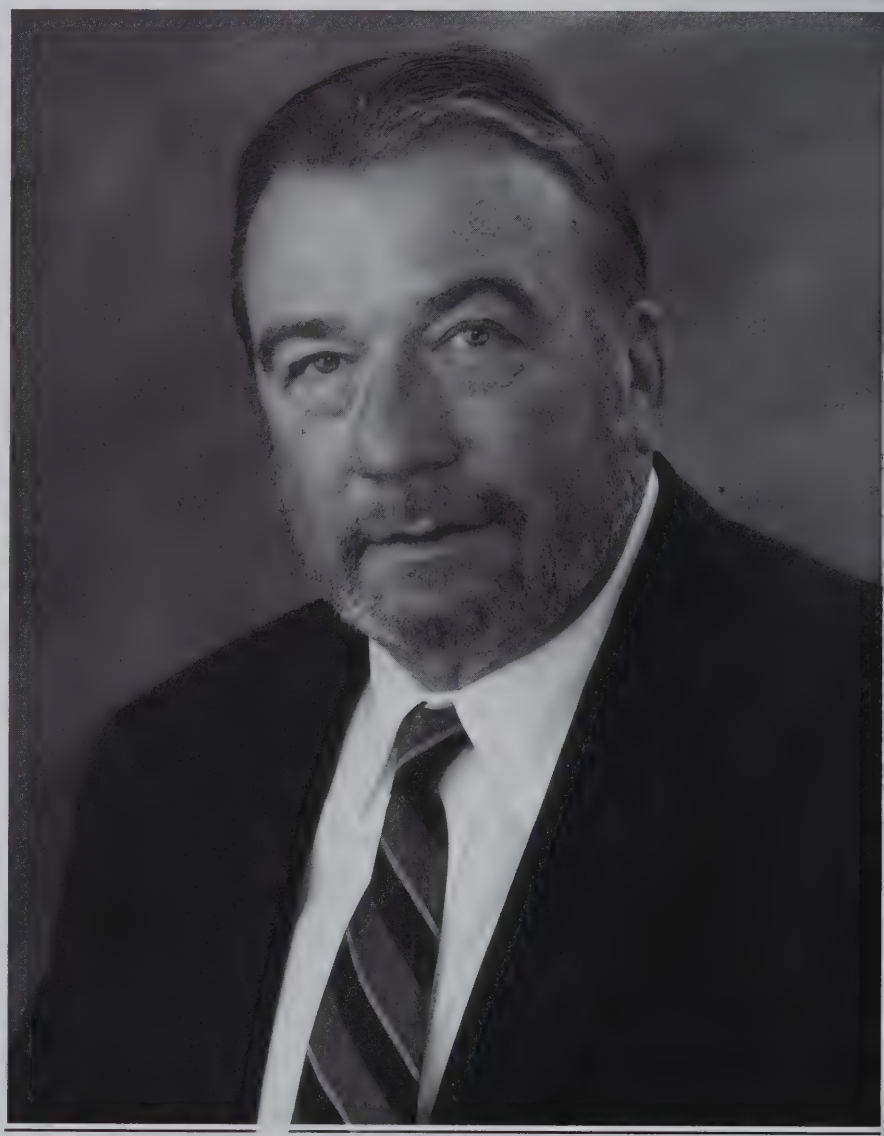
During the recent $22 million construction project, you and your classmates have witnessed a physical transformation at the school – new buildings, new classrooms, and new labs. You were there at the birth of our new Engineering Technology, Geodesy/ Environmental Engineering, and Media Technology programs. You saw us make changes in the curriculum – to get you prepared for the state competency exam.

I'm very proud of what your class has accomplished, both at this school and within our community. As a group, you have worked hard and made us proud. And I trust that you and your classmates will continue to use your academic and technical skills wisely, wherever life takes you.

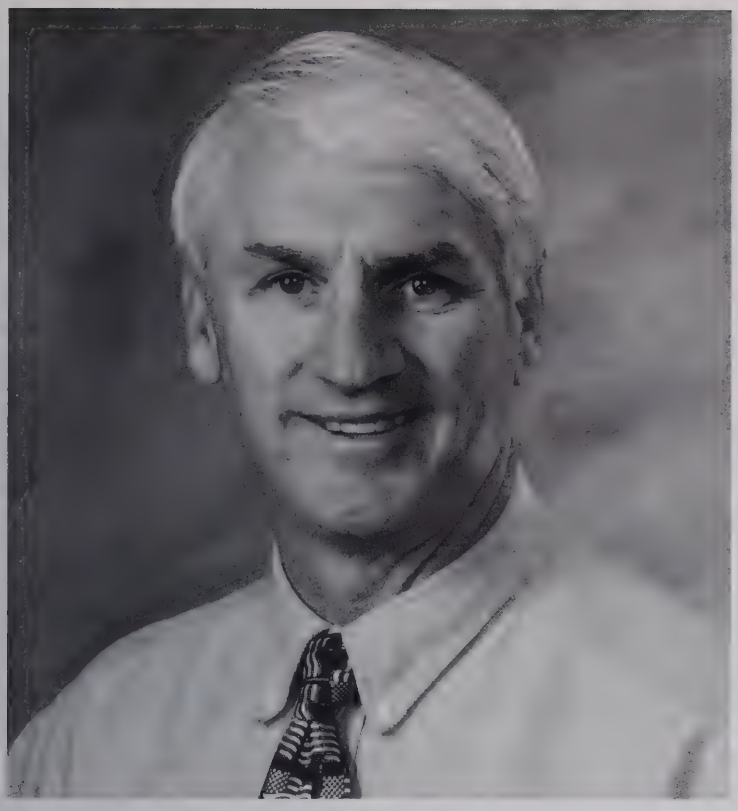
Wherever the future takes you, remember with pride where you started: Greater New Bedford Regional Vocational Technical High School.

Work hard, stay focused, and carry the positive experiences and energy of this high school with you forever. Cherish your friends and your memories.

I know I will.



Jeffrey E. Riley
Superintendent-Director



Michael R. Shea
Principal, Academic Programs

Congratulations to the Class of 2004.

It has been my pleasure to have been your Academic Principal for the past four years. I hope you have enjoyed your high school years and remember these words:

"Believe – Achieve – Succeed"

Principals' Messages

Over the past four years, members of the Class of 2004 have worked very hard to achieve success and the school is very proud of you. You have accomplished much – in the classroom, during after school activities and in our community.

During the past few years, you have witnessed the transformation of our curriculum – with new emphasis on testing and results. You have endured the MCAS exam. Through all of these changes and challenges, you have persevered and excelled.

I am very proud to congratulate you on your accomplishments and upon your graduation from Greater New Bedford Regional Vocational Technical High School. Best of Luck

Go Bears!

Boys' Volleyball

Spring 2004 started on a positive note with some of the 2003 JV's stepping up to the varsity ranks and entering the starting lineup. With one of the teams most experienced setters on the helm, Sean Correia would lead the young BEARS "V-UNIT" on one of its toughest schedules ever.

A record 8th consecutive South Alliance title – in undefeated style of course! Dropping 5 regular season contests was a lot of losses for this team, but proved to be the energy they needed in playoffs. The young guns came around, along with several crucial seniors, to avenge two regular season losses to the Whalers.

The Challenge Cup was returned to Voc-Tech during the biggest upset in program history over a senior – leaden NBHS team in the South Semi Final.

The BEARS would eventually fall to Catholic Memorial in the South Final but not after a solid 17-6 campaign. The future looks bright for the young BEARS!

With dedication and hard work from all involved in our program we can and have achieved many of our goals. Fun while competing, has been and will always be the philosophy of Coach Thornhill.

The results: 61 athletes 61 smiles. Winning isn't everything -- it's the way you do it and show it respectfully.

The Varsity Baseball team had a 4 – 18 overall season record. They remained competitive throughout the year, even though for the first time they had to play off school grounds due to construction. The players worked hard and gave their best effort. With a number of underclassmen returning it looks to be a promising season. This year's Captains Joshua Cardoso, Justin Jeffrey and Jesse Kendall will lead the team.

The 2004 softball season was fought with "near misses," "close calls," and "almost there's." The team lost many games by three runs or less. A 3-2 loss to SCC champions Wareham typified the season.

Through the adversity, the team came together and seniors Kim Cabral, Heather Roy, and Katie DePrato are poised to lead the team to victory in 2005.

This year's football team was filled with many pleasant surprises. There were many young players who shined throughout the season. The coaches really enjoyed working with this group of young men. They were always full of life and were solid citizens. This group will always be remembered for being the first football team to beat Wareham since 1987.

Greater New Bedford Regional Vocational Technical High School once again proved to be number one in the state. The boys' soccer team defeated top seed Lynn Tech 3 – 0 in a semi-final match, and then won against Shawsheen Tech in the finals in a convincing 4 – 0 victory to become the 2004 Vocational State champions.

Patrick Ferreira, Sean Mitchell and Dircilino Debrito scored against Lynn Tech. Playing strong at the midfield position were Nelson Martin, Andre Coelho, Cory Costa, Rudy Pereira, Ryan Hart and Kevin Correira.

Patrick Ferreira and Dircilino Debrito each scored 2 goals in the finals against Shawsheen Tech. Playing strong on defense for the Bears were Collin Correira, Kyle Furtardo, Ryan Rodrigues, Janildo DeBrito and Tyler Sylvia.

Nathan Avelar and Cory Xavier shared the goal in both games with no goals allowed. Nathan Silveira could not play because of an ankle injury, but he was there cheering for his team. "Great job Bears."

The 2004 Lady Bears Volleyball team had a very successful year. They finished the regular season with a record of 14 – 6. This record gave them the number 7 seed in the MIAA State tournament. They hosted and won their preliminary round against Mansfield but suffered a tough first round, with a loss to Case.

They Lady Bears were also crowned the 2004 State Vocational Champions after exciting victories over Diman and Greater Lawrence. The team finished with an overall record of 17 – 7. The 2004 tri-captains were Erika Vassal #17, Lauren Sharek #5, and Cassy Sylvia #16.
